

Meet Your Filtration Needs Is Our Goal.

ION EXCHANGE FLAT SHEET MEMBRANE

Flat Sheet Membrane Samples for Feasibility Tests

PRODUCTS SPECIFICATION

Ion exchange membrane	Membrane character	Funcational group	exchange capacity (meq/g)	Replacement reference		Typical applications
AE1	Anion Exchange	Quaternary Ammonium	1.0±0.1	MI	AMI-7001	The anode & cathode electrocoating process; EDI, etc.
AE2			0.9	LANXESS SYBRON	IONAC MA-3475	
AE3			1.0		IONAC MA-7500	
CE1	Cation Exchange	Sulfonic Acids	1.6±0.1	MI	CMI-7000	
CE2			1.4	LANXESS SYBRON	IONAC MC-3470	

1. The above data may vary but will be no more than 15% below the value shown; Products specifications may vary as design revisions take place.
2. The standard width of membrane sheet is 40inch, sample is available.
